Guest Speaker

Dr. M. B. Agarwal, MD

**Prof & Head
Dept of Hematology
Bombay Hospital Institute of
Medical Sciences
Mumbai**

Hon. hematologist: P D Hinduja Hospital, Lilavati Hospital, Fortis Hospital, Breach Candy Hospital, Mumbai

President : Mumbai Haematology Group (2025-26)

Past president: Indian Society of Haematology (2010-11)

His major contribution in the field of hematology is in the field of education.

He has published a year book in hematology called "Haematology Today" which used to be a multi-author venture containing 60-70 chapters based on recent advances in the field. This book was published every year from 2005 until 2018.

He has keen interest in clinical research. His original contributions are in the field of multiple myeloma, chronic myeloid leukaemia (CML), iron chelation, antiphospholipid syndrome (APS) & acquired coagulopathies.

During last 40 years, he has published over 120 original articles in various international and national journals.

Guest Speaker

Dr. Rajshekhar Chakraborty

MD

**Assistant Professor of Medicine at CUMC
Herbert Irving Comprehensive Cancer Center
Multiple Myeloma and Amyloidosis Program
Columbia University Irving Medical Center
Columbia**

Dr. Rajshekhar Chakraborty, MD is an assistant professor of medicine at Columbia University Irving Medical Center in the division of hematology/oncology.

After receiving his medical degree from University of Delhi, India, he completed his residency in internal medicine at Icahn School of Medicine at Mount Sinai-Queens Hospital Center.

Subsequently, he spent three years as a clinical researcher in plasma cell disorders at the Mayo Clinic, Rochester, followed by fellowship in hematology/oncology at the Cleveland Clinic.

Dr. Chakraborty cares primarily for patients with plasma cells disorders, including multiple myeloma, amyloidosis, MGUS, POEMS syndrome, and Waldenstrom's macroglobulinemia.

His research interests include clinical trials and outcomes research in plasma cell disorders.

Scientific Agenda

Welcome note and introduction of guest speaker
Dr. M. B. Agarwal, Mumbai

Guest lecture

Subject 1	Teclistamab - the new kid on the block
Speaker	Dr. M. B. Agarwal, Mumbai
