## Guest Speaker

### Dr. Vidisha Mahajan

---

Consultant Hematology Section  
Department of Laboratory Medicine  
P. D. Hinduja Hospital and  
Medical Research Centre  
Mumbai, since 2020.

She completed her MBBS and MD in Pathology from Indira Gandhi Medical College, Shimla, after which she pursued specialized training in hematopathology at Tata Memorial Centre, Mumbai.

Dr. Mahajan further advanced her expertise in flow cytometry at Sehgal Path Lab, a centre of excellence in diagnostic hematology. Her professional interests include the diagnosis and response assessment of hematological malignancies using advanced flow cytometric techniques.

She also spent a brief observational period at Hematologics, Inc., Seattle, USA - an internationally renowned reference laboratory specializing in complex flow cytometry and hematopathology.

Dr. Mahajan has been actively involved in laboratory accreditation activities for NABL and CAP at P. D. Hinduja Hospital and Medical Research Centre, contributing to maintaining high standards of laboratory quality and compliance.

She actively contributes to academic research and has published in several national and international journals in the field of hematopathology.

She also serves as a reviewer for multiple Indian and international journals, reflecting her continued engagement with academic scholarship and scientific publishing.

Dr. Mahajan has presented her work and delivered invited talks at several national conferences in the field of hematopathology.

She has been involved in postgraduate teaching during her tenure at Indira Gandhi Medical College, Shimla and BARC Hospital, Mumbai.

She is Life Member of Indian Society of Hematology and Blood Transfusion, The Cytometry Society, Mumbai Hematology Group and member of International Clinical Cytometry Society.
